Dear Bud,

I am always pleased to find time to see someone who you think is worthy of attention. We will schedule a meeting with [redacted] at the end of the month or early in July. I expect to be out of town a good bit between now and the end of June.

I think it might be easiest if you asked the captain to call [redacted] in my office [redacted] We can then work out a time that will be most convenient to both of our schedules.

All the best.

Yours,
